

2026 Summer CSA Member Agreement & Guide

We, the farm, wish to provide you with fresh, local, seasonal food and you, the member, wish to receive a portion of our harvest. This agreement outlines our shared commitment to that relationship. Please read this document & print a copy for your records. When you sign up for a CSA share, you agree to the terms in this agreement and guide. If you have any questions or concerns now or during the season, please call us at 304-692-1044 or email mountainharvestfarm@gmail.com. We look forward to sharing the season with you!

I. 2026 Summer CSA Pricing and Share Options

Vegetable Share – Full (Weekly) (\$660): A weekly share of vegetables containing 5-10 items totaling 25 credits for a total of 20 weeks. Tuesday shares begin June 2 and end October 13. Friday shares begin June 5 and end October 16.

Vegetable Share – Half (Biweekly) (\$374): This share includes a total of 10 boxes delivered on an every-other-week basis throughout our 20-week June to October season. The amount of vegetables in each box is the same as the full or weekly share, with the only difference being frequency of pick up. Each week we curate a share box for you with 5 to 10 seasonally available varieties of vegetables from our farm, totaling 25 credits in our software system. Tuesday pickup options: Group 1 option dates: 6/2, 6/16, 6/30, 7/14, 7/28, 8/11, 8/25, 9/8, 9/22, 10/6. Group 2 option dates: 6/9, 6/23, 7/7, 7/21, 8/4, 8/18, 9/1, 9/15, 9/29, 10/13. Friday pickup options: Group 1 dates: 6/5, 6/19, 7/3, 7/17, 7/31, 8/14, 8/28, 9/11, 9/25, 10/9. Group 2 dates: 6/12, 6/26, 7/10, 7/24, 8/7, 8/21, 9/4, 9/18, 10/2, 10/16.

Vegetable Share – Light (Weekly) (\$495): A weekly share of vegetables containing 3-5 items totaling 15 credits for a total of 20 weeks. Tuesday shares begin June 2 and end October 13. Friday shares begin June 5 and end October 16.

II. Signing up and payment

We use an online membership website called Farmigo to manage the CSA. To sign up use this link:

<https://csa.farmigo.com/join/mountainharvestfarm/SummerCSA2026>. When you sign up, a secure online member profile is created for you with your share options, your pick-up location, and your account activity. You can view and edit your account, change your payment info, or password just by signing in to your account:

<https://csa.farmigo.com/account/mountainharvestfarm/SummerCSA2026>

Current members will receive a coupon via email for a 3% discount on your vegetable share if you register by March 15.

Payments may be made in full, or in 3 equal installments (1st due upon signup, and then monthly starting April 1). If you choose to pay in installments, you can link a credit card and automated recurring payments will be set up for the payment dates. If you choose to pay in full you will not have to link a payment method. If you choose to pay by check, and we do not receive your payment within two weeks of receiving your registration, we reserve the right to open your share to someone else. Returned-check policy: If a paper check is returned, we will charge you the \$35 bank fee.

III. What is included in the weekly CSA share and can I customize it?

Our CSA is about sharing in the bounty and excitement of sustainable agriculture. Each week over the weekend we send you an email letting you know which vegetables we have curated for that week's "Farmers Pick" share and some meal preparation suggestions. We choose the items with the goal of providing you variety and items that combine well for

Updated 2/5/26

meals. Some members are always happy with their Farmers Pick box. However, you can customize your box contents if you wish by trading out items from the Farmers Pick box for other items available from the farm, via your online member account.

We use "credits" in our software to assign a value to individual items to allow for box compilation and easy trading. For example, you can trade 6 credits of lettuce for 4 zucchini valued at 1 credit and a 2 credit pepper. We use round credit numbers for easy trading. For example, a zucchini might be worth \$1.50 if you bought it at the farmers market, but it might be listed in our software as 1 credit to allow for easy trading. The overall share cost considers the value of your share overall over the course of the season.

If you add or exchange additional vegetable items from our farm and your total exceeds your weekly allotted share credits, you can link your credit/debit card to your account to allow for easy purchase of those additional items. Add-on items from other farms can also be purchased this way (ex. Meat, cheese, coffee, honey, syrup, etc.) This system is automated and your linked payment method will not be charged until the evening after your box has been delivered. We are only able to offer purchase of additional items through this system if you have linked a credit/debit card. Our system does not allow you to add items and pay us via cash or check for add-on items.

Our system is open for you to customize orders from Saturday morning to Sunday night at 11pm, at which time orders are finalized so that we can plan harvest for the week.

Farming is beholden to many potential pest and weather risks and last-minute problems. We will do our best to project box contents and available items. However, if a last-minute problem occurs and we are unable to provide an item, we will notify you and either swap a comparable item or determine if a refund for that item is necessary.

Please note that CSA members get priority on our crops, and we do our best to provide you with variety from our farm and other local products so that you have options when customizing. However, please remember that the point of a CSA is that you are committing to be "in it" with the farm and to eat seasonally. We are not a conventional grocery store: variety and volume will ebb and flow with the time of the year. Also, each year some crops are bountiful, and others fail. Being a part of our CSA means you understand this and will celebrate and enjoy the successful crops with us, mourn the losses, and thus share in the reality and beauty of seasonal local eating.

IV. How does CSA pickup work?

When you sign up for your share, you will choose a pickup location from the following options: Tuesdays 4pm-6pm across from Zenclay Pottery Studio/ Ta-Khrai Thai Café on University Ave; Tuesdays 2pm-8pm at the Farm on Goshen Rd; Friday 12pm-8pm at the Farm on Goshen Rd., Friday 4-8pm at the Farm on Goshen Rd, and Friday Southern States in Sabraton 4-6pm. If you need to switch your pickup location on any given week, you may do so if you notify us via email 24 hours before your pickup. Requests to switch pickup day will only be considered if received by Sundays.

Your share will come in a Rubbermaid tote container. You will unpack your items into your own bags or boxes and leave the containers with us at our pickup sites to be washed. If you would like to receive your share all packed up in plastic bags for quick "grab and go" pickup, you may select that option when you sign up for your share for a small fee.

V. What if I have to miss a week?

Updated 2/5/26

MOUNTAIN HARVEST FARM

We have a “flex box” policy to help shareholders get the full value of your share within the constraints of carefully scheduled plantings and Mother Nature's schedules. Weekly members may request up to **TWO** flex boxes in the summer CSA, and biweekly (half share) members may request **ONE** flex box during the summer CSA. To request a flex box, please email us at mountainharvestfarm@gmail.com.

Upon your request, we schedule you to skip that pickup week and you may choose from these flex box options: **option 1)** have a pickup week at the end of the season during our scheduled “flex makeup” week (October 20 or 23), **option 2)** schedule a pickup on one of your “off weeks” (if you have a half share, and if we have the capacity to add it to the requested week), **option 3)** keep the credits from the flex week on your account to spend on additional vegetable purchases during the remaining summer CSA pickup weeks. **Credits must be used during the Summer 2026 CSA and cannot be rolled over to subsequent seasons.**

If you know in advance that you need to use your flex box a given week, we appreciate early requests so that we can plan. Please place requests by the Friday before your next pickup day if you want to use your “flex box” option for the coming week. This gives us time to look for an alternative outlet to market the produce we had reserved for you.

If you used your flex option already and need to miss another week, please get a friend to pick up your box for you and share the bounty! You can also request that we donate your share to a local food pantry. Boxes already packed and forgotten cannot be counted towards our flex policy and will be considered fulfilled (See policy VI).

VI. What if something comes up the day of my pickup and I can't pick up my share?

We know that things come up in life and we try to be flexible within the confines of our tight logistics and storage capacity. *You are responsible for contacting us to make alternate pickup arrangements.* If you forget to pick up your share and do not contact us within 24 hours of the forgotten pick up, we cannot promise to hold the share box for you. If we do not hear from you, we will donate your share to the food pantry. Due to limited storage space and additional logistics and staff time for forgotten shares, we cannot promise to continue to make alternate pickup arrangements for chronically forgotten shares.

VII. Will MHF send me reminders on my pickup days?

Yes, we will send you an email reminder on the morning of the day of your pick-up every week. Email is our primary form of communicating with you so please read your emails. We suggest that you put the dates of your pickups into your own calendar and alert systems to have reminders as well. Emails may come from either mountainharvestfarm@gmail.com or from our Farmigo system email address farms@farmigo.org. Please add those to your contacts so they do not end up in your spam.

VIII. What does MHF do to ensure quality and safety of my products?

We are committed to delivering quality and safe produce. We wash our produce, maintain sanitary conditions for produce packaging and delivery, and have completed Good Agricultural Practices (GAP) food safety training. We take food safety seriously and ask that you do too. We recommend that you wash all produce before you use it. This has always been our personal practice when purchasing from other growers and also when purchasing prewashed items from the grocery store. We use some plastic packaging when necessary to protect washed items like greens from items

that perhaps aren't washed (like potatoes) for food safety reasons. We do our best to balance this concern with the desire to reduce plastic and environmental impact.

IX. Can I bring you items to reuse?

We can reuse egg cartons and cups/glass jars (for flowers) and appreciate you returning them. Per our food safety policy, we cannot reuse cardboard cherry tomato boxes, plastic pint containers, or plastic bags so please recycle those.

X. Can I visit the farm?

Yes! Farm education is part of our mission. We hold events during the year. If you'd like to schedule a time to visit/tour outside of those times, please contact us first. We remind you that it is a working farm, and we are not responsible for injury or discomfort that may be incurred due to visitor negligence.

XI. Cancellation Policy

The CSA agreement is based on a mutual investment in each other. We depend on your timely payment to make sure our farm runs well and can return on our commitment to you. If you wish to cancel your CSA subscription and you have not received any delivered products, we will refund any payment you have made except a \$50 non-refundable deposit. If the season has already begun and you have received delivered products, we do not promise any refund of payment made if you cancel your membership. In extreme individual cases (ie. illness/accident, moving, job loss, etc.) we may be able to refund your payment for remaining share deliveries if we have an interested potential member that can assume your share, but this will be negotiated on a case-by-case basis.

XII. Refund Policy

Quality is of utmost importance to us as well as your satisfaction. Refund based on dissatisfaction with products or services delivered will be negotiated on a case-by-case basis. If you receive a product that is not good quality, please contact us promptly so that we can make good on it with you and improve to avoid the problem in the future.

XIII. Agreement Terms

You agree to these terms upon registering and purchasing a CSA share with us for the respective season.

Sincerely, Your Farmers,

Mary Oldham and Chico Ramirez, Co-owners
